Justice For Judges

- At 6pm EST today, Republicans in the U.S. Senate are engaging in a “Justice for Judges” Marathon in an attempt to break the filibuster of President Bush’s judicial nominees.
- Certain Senate Democrats, aided by extreme left-wing interest groups, are filibustering many qualified nominees like Janice Rogers Brown, Priscilla Owen, and William Pryor because these judges are strict constructions who will interpret the law, not legislate from the bench.
- Many Senate Democrats and left-wing interest groups want judicial activists on our courts. Judicial activism, as exemplified in the recent 9th Circuit Court’s decision that “under God” in the Pledge of Allegiance was unconstitutional, undermines America’s traditions and heritage.
- Unfortunately, Iowa’s own Senator Tom Harkin is one of the Senators engaging in these filibusters. PII encourages all Iowans to let Senator Harkin know that it is time to let President Bush’s judicial nominees move forward.
